

MAXIM

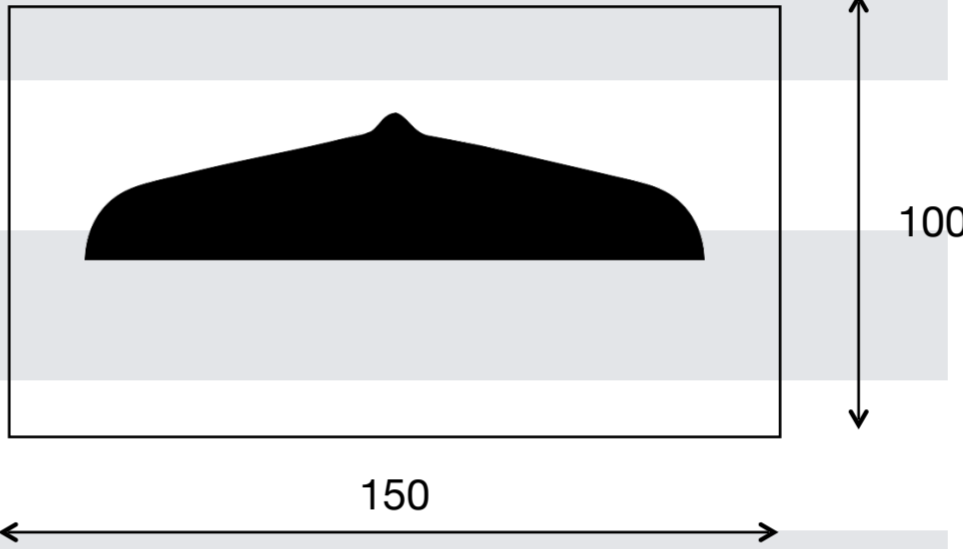

SEMI RIGID COUNTER
Solvent Type

PRODUCT DESCRIPTION

MAXIM is a traditional counter material, specially formulated for solvent dipping application. It is the result of an achieved experience of more than 30 years. Made by impregnated cotton woven or polyester non-woven.

TECHNICAL DATA

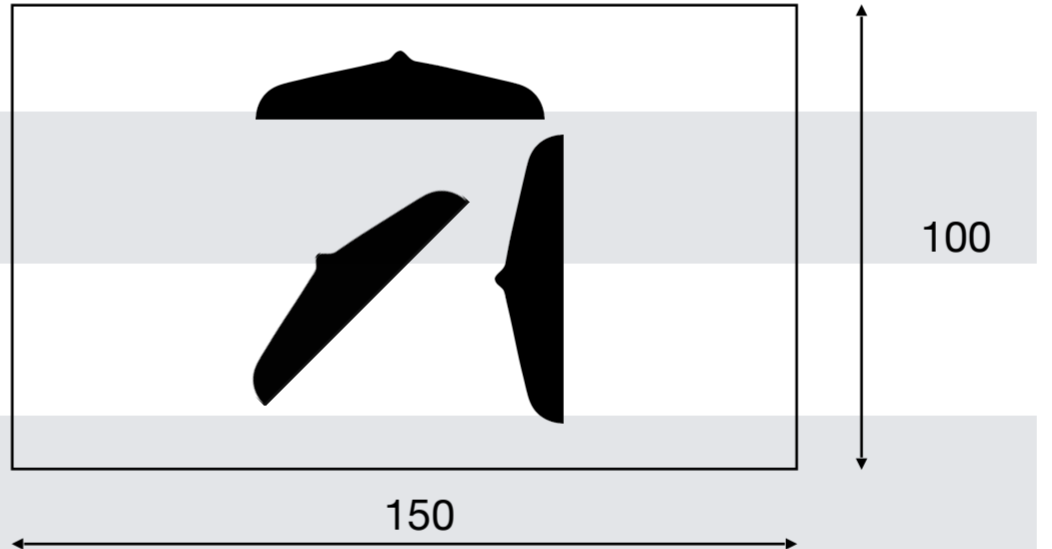

Available Types on cotton fabric support

	MAXIM	Thickness* (mm)	Cutting Direction
Toe puff	MAXIM 606	0,55 - 0,65	
	MAXIM 608	0,75 - 0,85	
	MAXIM 610	0,85 - 0,95	
	MAXIM 612	1,05 - 1,15	
	MAXIM 614	1,25 - 1,35	
	MAXIM 873	1,35 - 1,45	

* All thickness values have a natural variation of $\pm 0,05\text{mm}$

When used as toe puff can be cut along the diagonal direction

Available Types on non woven support

	MAXIM	Thickness* (mm)	Cutting Direction
Toe puff	MAXIM 617	0,65 - 0,75	
	MAXIM 618	0,75 - 0,85	
	MAXIM 619	0,95 - 1,05	
	MAXIM 620	1,15 - 1,25	
	MAXIM 624	1,45 - 1,55	
	MAXIM 625	1,75 - 1,85	
	MAXIM 628	1,95 - 2,05	
	MAXIM 630	2,25 - 2,35	

* All thickness values have a natural variation of $\pm 0,05\text{mm}$

When used as toe puff can be cut along the diagonal direction

INSTRUCTIONS OF USE

The material is dipped into solvent manually or with a special machine. Put the material between upper and lining as soon as it keeps the adhesive power.

Lasting

All operations of lasting must be made till article keeps its softness. The type of solvent establishes the working time. The shoe can be pulled out from the last only after the evaporation of the solvent, when the counter reaches its characteristic stiffness.

 **VEGAN FRIENDLY**

 **MADE WITH RENEWABLE ENERGY.**

PRODUCT CHARACTERISTICS

RIGIDITY

SOFT ← | → RIGID

SHAPE RETENTION

MIN ← | → MAX

WORKABILITY

MIN ← | → MAX

RESILIENCE

MIN ← | → MAX

BENEFITS

-  Highly moldable
-  Ping Pong Effect

RECOMMENDED FOR

-  Sneakers
-  Boots
-  Point shoes
-  Soft shoes

 **MADE IN ITALY**
