TECNO GI SUSTAINABILITY

REUSE - REDUCE - RECYCLE

Fully recyclable materials; materials with high content of recycled materials; GRS certified materials obtained by a circular economy process.

BIODEGRADABLE PRODUCTS

Available OWS* certification (*Organic Waste System).

RENEWABLE RAW MATERIALS PRODUCTS

RESTRICTED SUBSTANCES LIST

TECNO GI has its own RSL that is constantly updated in order to meet customer's needs and environmental regulations.

SOLVENT-FREE PROCESS

Our impregnation, extrusion and coating lines do not use solvents and do not emit volatile organic compounds.

WASTE

Extrusion process scraps are fully recycled into the production process.

ENERGY

Photovoltaic system 1000 kWh power.

WATER

TECNO GI cares about water saving, considering its precious value. For the cooling we use closed circuit systems, without any drawing or inflow in the ground.

CERTIFICATIONS

ISO 14001 certifies our commitment towards the environment protection. All our production processes obtained ISO 9001 certification, both ISO 14001 and ISO 9001 have been integrated by ISO 45001.

OUR NEXT TARGETS
